

INTERESTING BOOK FOR FARMERS

Circular No. 257, issued by the College of Agriculture, University of California, is an interesting booklet for farmers of this section. The introduction is as follows: "The purpose of this circular is to introduce to the farmers of California the small seeded bean as a valuable winter green manure crop and to a less extent as a hay, stock and grazing ration crop for stock." The circular then gives a number of pages of directions concerning its growth. The interesting part of the history to the people of San Mateo county is as follows: "A small amount of seed was sent to Jesse Palmer of San Gregorio from England. Mr. Palmer planted some, but paid little attention to it. Three years ago his neighbor, Frank Bell, planted this seed and was surprised at the yield from the old stock. He tried to get the matter of supplying a seed bean with a big concern and was offered a fancy price for his supply. The University of California sent its experimenters to San Gregorio. They took pictures of the bean and of Mr. Bell and the result was the issue of this circular, No. 257. They have named the bean after Mr. Bell and predict that it will have a wide use."

Mr. and Mrs. C. Blas and son, a daughter of San Francisco, but formerly of Cuba, where they had a sugar plantation, will move to the Christiansen place about the 1st of May, having recently purchased the place. Mr. and Mrs. Christiansen will move to San Francisco.

SATURDAY, APRIL 21, 1923

SPRING TIME IN REDWOOD CITY

Lowell once wrote a poem in which he asked the question, "And what is so rare as a day in June?" and answered the query by replying, "Then if ever come perfect days." Last Sunday in Redwood City would have convinced James Russell that a day in April is even more perfect than a day in June. Just now we are enjoying some ideal weather in this part of California. Perhaps there may be a shower during the morning or afternoon, but in a little while the sun comes out and then everything is beautiful again.

Last Sunday we took a walk in Wellesley Park. The day was simply perfect. It was a little warm for April but not enough to bother one. The California poppies and the baby blue eyes were peeping out through the taller grass. The birds were singing in the trees. In every yard were abundant growths of roses and lilacs which sent their fragrance out into the air. The great white oaks were just in the prime of their leafage. The atmosphere was clear and the hills seemed to be only a few feet away. On the highway one could hear the steady drone of the numberless automobiles as they plied their way back to San Francisco. Out near the back of the park we scared a squirrel and the little fellow, with his bushy tail thrown over his back, scampered up a tree and, sitting on a safe branch, barked at us. Our way led us to old Cracy Hill the play ground for the school boys of Redwood City in the yester year. There we rested and conjured old memories and we were glad that we could be here to enjoy all of this beauty.

SEVENTEEN YEARS AGO

Seventeen years ago last Wednesday was a mighty exciting day in this particular neck of the woods. Not much work was done that day and nobody slept much for several nights thereafter. At an unusually early hour most of the inhabitants of our fair city were rudely shaken from their downy couches and began to dodge the bricks which were showering at them from their chimneys. Pretty nearly every brick structure in the town went down. But we were saved the terrors of the fire fiend which destroyed our big neighbor on the upper end of the peninsula.

We can remember some extremely amusing incidents which gave us a laugh even at a time when we didn't want to laugh. We can remember how nonchalantly our friend P. P. Chamberlain dressed without any front wall to his room. We can recall how carefully the late N. B. Graves crawled out of bed in the third story of the Capital Hotel with the two front legs of the bed out over the edge of the wall, and he wasn't the right build to climb out of bed carefully. There were many other things we can remember but what we wanted to remark was that after all was said and done the earthquake wasn't such a bad thing after all. It shook down a number of old buildings that were better off out of the way and made room for new ones. San Francisco is a hundred per cent better city because it had its earthquake and fire. It was an awful catastrophe, but a bigger and finer city came from it. There are many things that happen to us that seem almost unsurmountable, but after they are past and we can look back upon them with the proper perspective we can see that they were really providential and the things we needed to make us better men and women just as the earthquake of seventeen years ago made all of this section a better place in which to live.

CIVIC YEAST

Optimism is a form of contagious belief in the future which in its most malignant form has been known to sweep whole communities, with the exception of a few immune individuals, and in some instances has proved so destructive to gloom, that villages which have enjoyed the benefits of board walks and coal oil lamps for years and years, have been converted in a short time to very presentable towns. There are several very dangerous cases of optimism in Redwood City at the present time, and unless something is done immediately to dampen the ardor of the victims of this infectious disorder, we fear that the whole town may soon be affected. One of the saddest results of an epidemic of optimism, such as we are threatened with is that there is no one left to listen to the hard shelled croakers who persist heroically in seeing the cloud back of the silver lining.

SIGN OF LIFE—AT LAST

It would appear that our board of town trustees like the proverbial "Mills of the Lord," are slow in motion, but do exceedingly fine work when they have once overcome the inertia with which such august bodies are possessed. In appointing our worthy townsman, A. E. Monteth, to fill the vacancy caused by the resignation of Trustee H. C. Tuchen last summer, the board has made a wise choice and is to be congratulated on having picked a man so well fitted to fill the position as Mr. Monteth. It took almost a year for the "city dads" to come to a decision in this matter and we were almost of the opinion that they were not going to make any appointment, but having shown such good judgment when they finally did make up their minds to do something, we feel that we can forgive them for their procrastination in the past, and with new blood on the board we look forward to era of good and conscientious legislation in our civic affairs. We congratulate Professor Monteth upon his elevation to this office of trust and responsibility in the community; and we congratulate the town and our board of trustees in having secured the services of so able a man as the genial professor.

TIMES-GAZETTE SUBSCRIBERS IN THE SOUTH

From the Long Beach Telegram, we note the following:

At the annual election of officers of the Central Improvement association, held Monday evening, the following were chosen: President,

T. M. Brown; first vice-president, C. E. Middaugh; second vice-president, Mrs. Louis Weber; secretary-treasurer, W. H. Bartz, who has held this position for two years; corresponding secretary, K. C. Howe.

The association went on record as being opposed to the sidetracking of any more cars on the Union Pacific tracks on California and Alameda avenues.

The granting of permission to the Standard Oil Company to establish a filling station on the southeast corner of Third and Olive streets was discussed at the meeting, but no action was taken regarding the proposition.

Mrs. Louis Weber was formerly in the Greenburg school, Woodside, a resident of Portola and a teacher for a number of years. Since resid-

ing in the southern mecca, she has taken an active part in church school and civic matters.

The Native Sons and Daughters of the Southland, who have been sort of overwhelmed by the onrush of the easterners up to the present time, are at last coming into their own. The Native Daughters of which Mrs.

Weber is a member, however, have been more in evidence. Long Beach Parlor No. 289, N. S. G. W. was instituted the vining of March 31, at Odd Fellows Hall. Fifty men were initiated as Charter members.

Mr. and Mrs. Weber, their son and daughter, visit annually their place in San Mateo Park.

No where else does the scenery appear so enthralling, nor the breezes more sweetly laden, than those of San Mateo county.

All the world's a stage; if you don't play you have no show.

more gasoline mileage with Zerolene

Few motorists would willingly pay fancy prices for oil if they knew where to get Zerolene, which sells for about half the price of many other oils.

Zerolene, made from selected Naphthenic-Base Crude and vacuum-distilled by our exclusive process, stands up better and gives better, continuous lubrication than any oil we have seen and tested or been able to produce.

One of the best proofs of this, is that a car lubricated with Zerolene averages 5% better in gasoline mileage than a car lubricated with other oils, as shown by repeated laboratory tests. Even more important, Zerolene will run a car from 25% to 50% farther before carbon-removing operations are required.

Insist on Zerolene—even if it does cost less. Consult our Correct Lubrication Chart to determine the correct oil for your car.

Accidental

One way to sell a Range

There is one certain way to make a "Range" sale. That is, to have a product so thoroughly reliable, competent and attractive that it sells itself. That is exactly what we have—and the name is an easy one to remember. Just "ACCIDENTAL."

Investigate the easy payment plan we are offering, also the liberal allowance we make on your old Range.

You can have an Accidental Range in your own home without inconveniencing your pocketbook.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

of Times-Gazette, published every Saturday at Redwood City, California, for April, 1923.

State of California, County of San Mateo—ss.

I, before me, a notary public in and for the State and county aforesaid, personally appeared D. E. O'Keefe, who, having been duly sworn according to law, deposes and says that he is the owner of the Times-Gazette and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management and circulation of the above captioned publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 143, Postal Laws and Regulations, printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, D. E. O'Keefe, Redwood City.
Editor, D. E. O'Keefe, Redwood City.
Managing editor, none.
Business managers, none.

2. That the owners are (Give names and addresses of individuals owning, if a corporation, give its name and the addresses of stockholders owning or holding 1 per cent or more of the total amount of stock):

D. E. O'Keefe, Redwood City.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of the total amount of bonds, mortgages, or other securities are (if there are none, so state):

None.
4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee, or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; and also that the said two paragraphs contain statements embracing affiant's knowledge and belief as to the citizenship, places of business, and occupations of each of the owners, stockholders, and security holders who do not appear upon the books of the company as trustees, or hold stock and bonds in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated.

That the average number of copies of this publication sold or distributed during the six months preceding the date shown above is (This information is required from daily publications only.)

Sworn to and subscribed before me this 6th day of April, 1923.
D. E. O'KEEFE.
Notary Public.
My commission expires Mar. 10, 1925.

NOTICE TO TAXPAYERS

OF THE
COUNTY OF SAN MATEO

FOR THE YEAR 1923

"All Taxpayers are required by law to annually make and deliver to the Assessor a statement, under oath, setting forth, specifically, all the real and personal property owned by each person, or in his possession, or under his control, at 12 o'clock meridian, on the

First Monday in March

Accordingly, you are requested to fill out the assessment blank in question and deliver the same at the office of the Assessor immediately, making oath thereto.

The property of all persons who refuse or neglect to furnish such statement will be arbitrarily assessed; and such assessment shall not be subject to equalization. Refusal to furnish the statement above required will subject the person so refusing to a fine of \$100.

Any information relating to the assessments will be furnished upon application to the Assessor's office.

Cleaning Without Odor by the

F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly \$500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes.

NEWS OF MENLO PARK

Miss Margaret Duff, youngest daughter of Mr. and Mrs. M. F. Duff, formerly residents of Menlo Park, graduated with honors from Stanford University last week. Miss Duff is a talented, charming and beautiful young woman, popular with a wide circle of friends at the university. She still makes her home with her parents in San Francisco.

Mr. and Mrs. Melden, formerly Miss Compton, spent a few days last week with Mr. and Mrs. John MacBain. They sailed on April 11th for Honolulu, their future home.

Mr. and Mrs. A. G. C. Hahn arrived last week from a three months' trip to New York. Gotham is Mr. Hahn's former home.

The Menlo Park base ball team met defeat at the hands of the Palo Alto nine last Sunday by a score of 5 to 4. It took ten innings to decide the game. It was interesting from beginning to end, the fans enjoying the contest highly. The local team will play the San Mateo nine at San Mateo tomorrow.

John Hansen, gardener on the beautiful country place of Alexander Hamilton at Menlo Heights, became violently insane Monday morning and held officers, who attempted to capture him, at bay for hours. He was finally taken into custody by Constable Martin Walsh and two husky assistants and lodged in a padded cell at the Redwood City jail.

Here his violence increased to such an extent that he had to be confined in a straight jacket. County officials said that his case was the worst they had ever encountered.

Hansen had been in the employ of the Hamiltons for about two years prior to his leaving several months ago to enter into business. His business venture proving a failure, he again sought work with his

former employers, who took him back. He had showed signs of mental disorders occasionally since his return, officers said, and became violent this morning. His business failure, which resulted in the loss of his life's savings, is believed to have unbalanced his mind.

Michael Gleason, father of Monsignor Joseph M. Gleason of Palo Alto, passed away last Sunday in San Francisco, following an attack of pneumonia. He was 79 years of age.

Gleason was one of the familiar figures in San Francisco banking circles for fifty years. He came to San Francisco in 1868 and since that time had been associated with the Nevada Bank, the Pacific Bank, the People's Home Bank, the Bank of America, the San Francisco National Bank and the Bank of California. For thirty years he was a leading member of the St. Vincent de Paul Society, noted for its charity.

Mrs. Atherton Macendray and her son-in-law and daughter, Mr. and Mrs. Herman Phleger, have taken up the Kappa Alpha Theta house on the Stanford campus for the summer. They will come down in June soon after the close of the university quarter.

Mrs. Melbourne Carter entertained the children of the Presbyterian Sunday school at a party Saturday afternoon.

Peter Farley, a strawberry magate of Watsonville and a former station agent here, visited friends in Menlo Park on Tuesday. He says there will be a bumper crop in the Pajaro valley this season.

The rain fell for the last storm was a half inch, making a total of 2.56 inches for the month of April.

A worthy resident of Atherton who had been ailing for some months with a treacherous malady, sought the healing waters at Calistoga, Germany, for relief. He also consulted one of the most skillful specialists of that country. After an observation of his patient for some days and after a most thorough examination the specialist, to the great surprise of the Atherton resident, told him there was only one way he could secure relief and that was for him to go to a place called Menlo Park in California, where the favorable climate would restore his health. The gentleman did come to Menlo Park and is now enjoying the very best of health. He moved from Atherton on his arrival home last fall.

This week Fred Nesler installed a mammoth baker's oven that arrived from the east. It is the very latest word in ovens. It is capable of baking 75 pies at a time and Mr. Nesler has engaged an expert pastry cook who specializes on pies, and from now on the Little Green Door will become famous for the extra quality of its pastry.

James Fellom, formerly The Call's correspondent at Camp Fremont, is being consolated by his friends in having placed a series of murder mystery stories with McClure's magazine. Other stories by Fellom are due to appear shortly in Peoples Home Journal, while an English magazine has bought the British rights to others and sent in a call for more. Mr. Fellom is well known here.

Joseph Arlet, the plumber, has purchased the Annie Abert attractive home on Laurel avenue and moved into the premises yesterday.

James Hoff, an employee of the base hospital for some time, suffered a slight stroke of paralysis last week and is still confined to his apartments at the institution. Mr. Hoff was the carpenter in charge of the buildings. He is a pioneer of Menlo Park.

All the thoroughfares in Stanford Park are being reconstructed by the owners of the property. During the occupation of the camp here these roads were utterly ruined by the heavy travel.

Thirty acres of land owned by the Winchester Estate fronting on the Highway and running back into the Atherton woods and formerly owned by the late J. J. Moore was sold by the superior court on Thursday to Edward Rider for \$40,000. It is to be subdivided.

J. Jacobson, a retired capitalist of Sacramento, has plans out for the construction of a seven-room bungalow on his property in Menlo Oaks.

At a meeting of the Menlo Park chamber of commerce the following resolutions were unanimously adopted:

WHEREAS the Menlo Park Chamber of Commerce one of the original Civic Organizations of the Peninsula to advocate and promote the construction of a transbay vehicular bridge then and now designated as the Dumbarton bridge project.

AND WHEREAS the construction of the aforesaid Dumbarton bridge will make possible a direct route from the vast and productive valleys of California thus affording the fruit growers, dairymen and farmers of these productive regions a direct overland route to the city of San Francisco with its world-wide markets and at the same time develop for the benefit of each reciprocal local trade incident thereto and in addition it would serve to divide and divert the constantly increasing tide of tourist travel that now flows through the valley to Southern California.

AND desiring additional confirmation, favorable to this particular transbay bridge project is the fact that for a minimum outlay a maximum of ever increasing development and benefit will accrue to the Bay Counties and the interior valleys of the state.

THEREFORE be it resolved that the Menlo Park Chamber of Commerce authorize its accredited representatives to further the Dumbarton bridge project with all their energy and most respectfully request the United States War Department to grant a permit for the construction of said Dumbarton Bridge. All plans, construction, operation and maintenance will comply with government regulations.

Ford
THE UNIVERSAL CAR

ANNOUNCEMENT

of Interest to

MILLIONS OF FAMILIES

"I will build a car for the multitude"

Said Henry Ford in 1903—Read how the fulfillment of that prophecy is now made possible through the

Ford Weekly Purchase Plan

For many years it has been Henry Ford's personal ambition to make the Ford the universal family car—to put it within the reach of the millions of people who have never been privileged to enjoy the benefits of motor car ownership.

During the past fifteen years over 7,500,000 Ford cars have been placed in the hands of retail customers—more than a million and a half of them within the past twelve months—and yet there are still millions of families who are hopefully looking forward to the day when they can own a Ford. And now the way is open.

Under the terms of this plan you can select your Ford Car, set aside a small amount each week and you will be surprised how soon you will own it. In the meantime your money will be safely deposited to your credit in one of the local banks where it will draw interest.

Think it over. Five dollars will start an account. The whole family can participate in it—father, mother, brothers and sisters each doing a little.

Why not start today. Stop in and talk it over with your local Ford dealer. He will be glad to fully explain the details of the plan and help you get started toward the ownership of a Ford car.

IN THE SUPERIOR COURT OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA.

In the matter of the application of TILLO LOUIS CHIOSSI, for change of name to TILLO LOUIS CHIOSSI CHESSE.

TILLO LOUIS CHIOSSI having filed in this Court his application praying for change of name to TILLO LOUIS CHIOSSI CHESSE, it is therefore ordered that all persons interested in said matter appear before the Court on Thursday, May 24th, 1923, at the hour of ten A. M. and at the Court Room of this Court at Redwood City, San Mateo County, California, then and there show cause, if any they have, why the said application for change of name should not be granted.

Dated: April 20, 1923.

Geo. H. BUCK, Judge.

Gas Stove and Water Heater Week

April 16th to 21st

DURING THIS WEEK dealers all over the State of California are concentrating on gas ranges and water heaters. Exceptionally large stocks are on display, and the week offers splendid buying opportunities. Visit your local dealer and select a beautiful gas range and water heater that you can be proud of.

15,000,000 more meals were cooked in 1922 using gas as a fuel than in 1921. That is proof of the rapidly growing popularity of gas as a fuel.
